

FAQ

Q: How to sleep through the night?

A: Build a shelter such as shanty or tent first. Click the 'Sleep' button above the shelter. Please note that sleep is allowed after 9PM at night.

Q: How to lit the camp fire?

A: Hit the flint stone with a rock to start a sparkle near the camp fire.

Q: Why couldn't I craft an item even when all required materials are collected?

A: Please make sure you are at or above the minimal level required for crafting the item.

Q: What is the Tutorial for? Do I have to go over it before playing the actual game?

A: The Tutorial is for beginners to get familiar with the rules and basic operations of the game. We strongly suggest you finishing it and it will help you ramp up with the game very fast.

Tips

- You can ‘throw’ items backwards over your shoulder to quickly put them into the backpack
- Put the coconut straight above your mouth when pouring juice to get the maximal water supply
- Press B button on the controller will call out the popup menu to save the current game
- You can find more tips in the Survival manual
